Education

Pimpri Chinchwad College Of Engineering

B. Tech in Electronics and Telecommunication Engineering (GPA: 6.97 / 10.00)

Expected May 2025

Pune, Maharashtra

- **Relevant Coursework:** Data Structures and Algorithms (Java), Artificial Neural Networks, MATLAB, Python (Programming Language), Machine learning (ML)

Experience

CODSOFT

Internship

Jan 2024 – Feb 2024

Pune, Maharashtra

- Completed assigned projects in HTML, CSS, and JavaScript during the 4-week internship, demonstrating full proficiency in front-end web development.
- Learned and able to manage time efficiently to ensure timely completion of all tasks, maintaining consistent progress and meeting all project deadlines.

Celebal Technologies

Internship

May 2024 – Present

Pune, Maharashtra

- Gained hands-on experience in ReactJS through a virtual internship at Celebal Technologies, applying framework knowledge to real-world projects.
- Successfully contributed to a project by developing and integrating ReactJS components, enhancing the application's functionality and user interface.

Projects

Tic-Tac-Toe Game | Python

- Developed a two-player Tic-Tac-Toe game in Python demonstrating proficiency in Python programming and problem-solving skills.
- By Implementing user-friendly gameplay with a graphical interface and interactive features, which provides an enjoyable gaming experience.

Restaurant Website | HTML, CSS, Bootstrap

- Developed a visually beautiful and user-friendly interface showcasing menu items, geographical information, and contact details.
- Incorporated responsive design principles to guarantee the best possible viewing experience on all platforms.

Admin DashBoard | React Js, Tailwind CSS

- Developed a visually beautiful and user-friendly dashboard showcasing Calendar, Kanban, Editor and many more.
- It includes features like user management, data visualization, and analytics, all built with reusable components for scalability and ease of maintenance.

Technical Skills

Languages: Java, Python, HTML, CSS, JavaScript, TypeScript, C and C++(Basic's), Matlab, SQL

Technologies: React.js, jQuery, Bootstrap, Tailwind CSS, Git, GitHub, Excel, Power BI

Concepts: Compiler, Artificial Intelligence, Machine Learning, Neural Networks, Object-oriented programming, Data structures

Achievements

- First Prize in Project Exhibition, TECHFEST 2022.

Certificate's

Certificate of Completion: 1)On **Web Development** Of CodSoft,
2)On **Fundamental AI and Data Skills** of Ybi Foundation,
3)On **Programming using Java** of Infosys—Springboard

Certificate of Participation : 1)On **NLP, ChatGPT and Prompt Engineering** at EXCELR
